The holidays are over and now we are returning to focus on our unit activity.

We have approved three new members and two members are transferring back to our unit. We will be in the process of assigning more committee and officers in the next month.

We are privileged to be hosting our district meeting this month in January and our esteemed presidents of the District and California will be present.

We will be organizing a membership drive and making phone calls to current members to get current on their dues.

Our focus will be on coming up with ideas for fundraising with the Covid in mind.

Respectfully submitted,
Janet VerVaecke
President
