

Department of California  
District 28

Poppy  
November 19, 2023

I am happy to report that District 28 had a total of 3,063 poppies ordered this year. I am so excited to see what projects the Units will be doing.

Our Department Poppy Chairperson, Robin Falkenberg, would like to have a Poppy hat competition at DEC in January. It would be awesome if each of the Units in our District submitted an entry.

We are coming up to one of our deadlines which is mid-year reports. Please make sure you submit your report to this chairperson by December 1, 2023. The Mid-year report is located on the Department website. Please send a short narrative with your poppy activities you have had and any that you may have planned for the next couple of months. I would also like to know if you are involving your Juniors with the Poppy projects.

The Mid-year report will ask if you have increased or decreased the number of poppies you ordered. It will also ask if there are any Units planning to have a Poppy Poster contest? Did your Unit have a Poppy Display at Convention? These are just a couple of the questions that are needed for your report.

Let's get out there and share our Poppies with our communities!

Linda Lara-Guzman,  
Poppy District Chairman
