

Department of California
District 28
Music
19 November 23

Madame President, Chairmen, and Auxiliary members,

Good morning! Just a reminder that Mid-year reports are due to me by December 1st. If you don't have any report, please put your unit information on form included in packet and put NO REPORT across front.

I'm sure though that everyone has something to report! I would like to know how music you've heard at ceremonies made you feel. Music invokes memories, intense feelings, and it fills the soul.

I've included a new addition for your music book of "Country" selections. Hope you enjoy and share with your unit members at meetings. Maybe copy for members too!

The special project that I have in mind is to gather used instruments to be donated to area schools. It's a project in the works. If you have any instruments you would like to donate let us know; more on this in future bulletin.

In closing let me wish all a very Happy Thanksgiving. Blessings to all our service people that can't be with loved ones at this time.

Respectfully submitted
Molly Smith
