District 28
National Security
Connie Raza Chairman
March 19, 2022

Shore Patrol National Security Unit Chairmen,

Here is a safety tip, when going to Hotels, Motels, and dates at someone home to check, for detectors.

A I Phone has an option on its camera. It supposedly has to be on the I Phone.

Look under search: Hinden camera detector and bug finder.

This finder and detectors, may be bought at \$39.95, at more or less price. Contact: q4prodeals.com.

I got this idea by accident, when it came up in a conversation.

Next, it is very important to check on people, who may be ill or hurt. Please, realize, that some people are not technical. So a personal call or visit may be the best for them.

Roseann Bean, Department National Security Chairman, reminding the Units about the 2021-2022 Unit National Security EOY Reports are due, No Later than April 8, 2022, to District Chairman

All this information will be in the Unit Packets, along with a First Aid Kit of 12 items.
