

### Unit 31 District Report

September 17, 2023

Good morning- Madam President, Unit presidents, Chairs, and members of District 28.

It has been a bit rocky, but I am doing my best to stay focused on the big picture.

I would like to thank everyone for supporting the Mad Hatter Event held Sunday, Aug 27. The turn out from the Dist 28 units was very special. I am proud to say that we raised \$1,563.64 for the American Cancer Society. It was also a great way of bringing the unit together. They are still very excited and are already talking about next year.

The unit has been staying very active with Friday Night Feeds and helping the Post with Burger Nites both are once a month.

We are in the process of collecting membership dues for 2024. It has been communicated on the Post Monthly Newsletter and our Facebook page. The hike in the cost has not been an issue and we are having a good response. We currently have 219 members; 4 members were voted in just last Thursday.

Coming up in September I have planned a Team Building Event. We have a lot of new faces to the Unit, and I have been hearing complaints on not being able to get to know someone at a meeting. Therefore, I thought this might be a good way to give them that opportunity. It will be tomorrow, Monday 9/18- the theme being "Monday Night Football" what better way to get to know someone while sporting your team colors.

I am working hard on getting the unit functioning similar to District, while uniting the members among the Unit and the Post.

October is already looking to be busy: Friday Night Feed, Burger Night, Air Show, MIA/KIA service at Central Park and a Halloween Costume Party.

Sincerely,

Rosemary Barron

President, Aux Unit 31
