

American Legion Auxiliary

Department of California

Education Bulletin #3

23 January 22

Madame Department President, District President, Chairman, and Auxiliary members,

This Chairman received 5 reports for mid year. Most were just of "No Report" status. Everyone is saving up the good stuff for E.O.Y. reports, I guess!

2 Units reported donating "Give Ten" supplies totaling \$88.59. Department Education funds received \$125.00 and \$195.00 was donated to District 28 funds.

One Unit held a reading program during National Education week in November. Scholarship applications were given to counselors by email and in person. Two Units reported awarding Scholarships in the amounts of \$1,000.00 and \$700.00.

Only \$12.00 of Poppy Seals purchases were reported. At this point District 28 has \$400.71 in our educational funds.

We have our Annual Scholarship Fundraiser scheduled for February 19th. But due to health reasons, I feel it would be prudent to cancel. I have been diagnosed with breast cancer.

The first part of my treatment was going to be pills to reduce tumor before surgery but I was informed by my oncologist yesterday that I will be stopping the pill and starting chemo. I will be unable to continue with fundraiser due to this.

The Fundraiser will be replaced with a "Rally Up" basket. Support for this basket will be greatly appreciated.

Respectfully submitted,

Molly Smith

District 28 Education Chairman
