

AMERICAN LEGION AUXILIARY
DEPARTMENT OF CALIFORNIA
DISTRICT 28
EDUCATION BULLETIN # 1
18 September 22

Madame President, District Officers, and Chairman,

Let me start by thanking everyone of my ALA Auxiliary sisters for the continued support and love you have shown me on my way to recovery. I'm grateful to be back on this year's Friendship Train! ❤️

Included in your packet is Department Education Chairman Tracy Ferchos September bulletin, the E21 application, Give Ten tracking sheet, Box Tops information, and Poppy Seal order form. Please put these in your procedure book for future reference and to stay on track with your education program.

In the Department bulletin all of the California and National Scholarships offered are listed, dates applications are due to Units, and how many Scholarships are offered.

Our District 28 Scholarship fund has over \$1,000 currently. This has been funded by "Rally Up" drawings and will build with future drawings. I am not sure if our District will be holding an annual fundraiser yet. This will need to be discussed in new business.

Even though school has already started the need for school supplies never ends. Make it a point to give throughout the year to replenish used supplies. The unit that gives the most supplies this year will receive a gift along with the usual certificate. Keep the knowledge Train for our scholars constantly on schedule. 🚂

I look forward to working with all of you during this Friendship Train year. Call if you need any help.

This concludes my report.
District 28 Education Chairman
Molly K. Smith
