Membership Report

January 23, 2022

Good morning and welcome greetings to our Department of California President Deann Graham, D-28 Pres Liz Doidge and to all of you Lady Surfers out there.

So here we are at the midway point of 2021-2022.

We have just completed our DEC weekend in Long Beach, which was an exhilarating time of splash and hula fun.

I am always amazed at how exciting it is to watch as members inspire everyone around them to a common purpose for Veterans

I hope that our Lady Surfers can bring home that excitement and be confident in the programs that your sharing with all people you come into contact with.

Yes it's mid way through the year, now is the best time to reach out to your membership in a personal way.

Our national letters have mailed out and your reminder cards have all mailed out by now.

So now is the best time to call and talk to your unpaid membership on a personal level.

Check on them by phone call or personal visit.

Maybe that's all it'll take to ride this wave to EOY.

I want to thank those Unit who sent me their mid year reports in time so that I could completely fill in my report form to my surfing commissioner.

I received 5 mid year reports thank you to those who took the time to follow through in timely way.

Thank you to Unit 694 Marina for adding in a written supplemental report you inspired me to write a report as well.

I would again like to thank Unit 31 Salinas for sending me all your transmittals because that inspired other Units to all send me theirs.
