

AMERICAN LEGION AUXILIARY  
DEPARTMENT OF CALIFORNIA  
DISTRICT 28  
P.P.P. BULLETIN # 3  
23 January 22

Madame Department President, District President, Chairmen, and Auxiliary,

Our District 28 should be proud of what we have accomplished so far this year. District 28 donated \$322.00 to the Department Nursing Scholarship fund. We developed a District 28 P.P.P. Scholarship for nursing students by holding a “Rally Up “basket drawing.

In that fund there is \$180.00 that we can award to a local nursing student. Units have shared nursing scholarship applications with local community colleges by email and in person when possible.

One unit has a P.P.P. committee and several past President’s attend the District 28 P.P.P. committee meeting twice a year.

Unit leaders’ mentor their members through instruction on programs, share future events, bulletins, seek out women Veterans, and encourage members to attend workshops when offered. Units reported 5 members have completed A.L.A. Academic courses.

2 units reported donations to P.P.P Department funds but only one unit reported amount of \$25.00.

It has been a very difficult year because of the current pandemic crisis but units are working the program and doing their best. I’m sure E.O.Y. reports will be wonderful!

Respectfully submitted  
District 28 P.P.P. Chairman  
Molly K. Smith
